Fires in GC, Madison Destroy 2 Homes

Both Families are Away When Fires Break Out; GC Fireman is Injured

Separate blazes of undetermined origin destroyed two homes over the weekend—one in Granite City early Saturday morning and the other in Madison early Sunday morning.

The four-room, frame home of David Stover at 2917 Harding blvd., was gutted about 4:40 a.m. Saturday while the family was away on a visit, and in Madison, two alarms were answered Sunday night and again early Sunday at the Noah Wells residence, 1537 Collinsville road, where the house was burned to the ground early Sunday.

A city fireman, Robert Sanders, 38, of 2057 Dewey avenue, suffered cuts to his right hand in fighting the 2½-hour blaze at the Stover home. He was given emergency treatment at St. Elizabeth Hospital. Damage was set at \$6300, including \$4500 to the building and \$1800 to the contents.

It was learned from a neighbor, Mrs. Dorothy Venditto, 2919 Harding blvd., that Mrs. Stover and the four children had been away about a month, visiting relatives in the country, and Mr. Stover, an employee of a concrete firm at Maryville, had left Friday to get them so the children would be home in time for the start of school.

Mrs. Venditto said that Mrs. Stover had told her before she left that she had finished buying the children's new clothing for school. "They lost everything—all the clothing and their furnishings," Mrs. Venditto said. "We were here in the neighborhood hope to be able to help out with a collection of clothing."

Firemen were at the scene nearly three hours, fighting the stubborn flames that swept through all four rooms of the small, frame house.

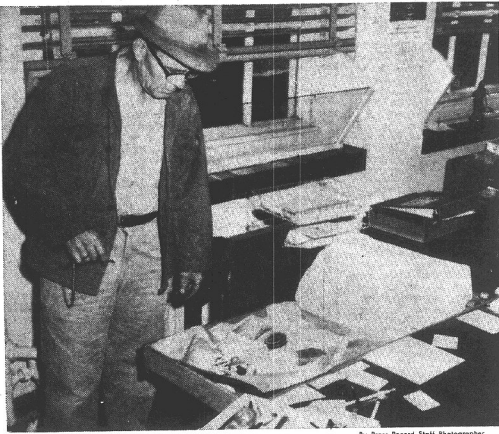

Mrs. Venditto said she was asleep in her house trailer next door and was awakened by a noise. "At first I thought it was a prowler at the Stover's home, and I looked out and couldn't see a thing. Then I saw the smoke and flames and called police and firemen."

"Before they arrived, I heard an explosion. I guess it was the hot water tank in the bathroom. The family certainly was lucky no one was at home," Mrs. Venditto said.

The neighbor said the family probably will stay with relatives who live only a block or so away.

GC Tax Payments Reach \$6.6 Millions

Local Collections Up \$738,235 Over Year; City Fee \$133,427

The Granite City treasurer's office collected \$6,613,387 in taxes during the local collection period from June 26 through Aug. 18, city treasurer E. R. "Pat" Rich announced Friday upon completing the tabulation.

The total collection was \$738,235 more than the amount collected last year and represented 91.89% of the total 1966 tax extension of \$7,272,975 which included back taxes.

Rich said this year's payments at the local level assures the city of Granite City an income of \$335,427 in collection commissions. The treasurer's office receives, under state law, a 2% commission on all tax items collected. This money goes to the city and is used for general purposes.

The commission fee on the recent collection is \$14,765 greater than the commission fee of the year ago, he said.

Included Back Taxes

Payment of \$3,801,725 in current (1966) real estate taxes and \$2,840,994 in current personal property taxes accounted for \$6,642,719 of the total. The balance represented \$23,166 in delinquent real estate taxes and \$481 in delinquent personal property taxes.

Rich began this year's local collection period on June 26 with a total extension of \$4,130,733 in real estate taxes and \$3,142,061. The real estate extension included \$3,866,328 in current and \$144,405 in delinquent real estate taxes and \$2,015,699 current and \$126,602 delinquent personal property tax.

Rich said that the delinquent real estate and capital stock taxes are not collected locally. These payments are made directly to the county treasurer's office.

Industry Pays Big Bill

Rich pointed out that collections were running slightly over \$4 million within a few days of the deadline for payment on Aug. 18, but that payment of bills by industries and utilities within the last two days increased the payments to the \$6,613,387 total.

He said industrial and utility tax payments in Granite City township approximate \$3 million of the total tax bill.

The books have been balanced and will be turned over soon to the county treasurer's office where future payments made by industries and utilities within the last two days increased the payments to the \$6,613,387 total.

Rich noted also that the county treasurer hereafter receives 3% of the total tax payments, none of which goes to the city.

Portell To Quit Investing Idle Funds

Income Loss to County Gives Written Ok.

Willard V. Portell of Granite City, Madison county circuit clerk, said today that he is discontinuing, at least temporarily, investing at interest of idle excess funds being held by him.

This will result in the loss of needed revenue to the county. Portell said he made the decision after receiving an oral opinion from Gerald J. McGivern, assistant state's attorney, that the investments could place Portell and the county in jeopardy.

Most of the funds held in excess are from condemnation cases awaiting final action by the courts. McGivern said interested parties could sue Portell and the county to regain the interest.

Portell, who has been investing the funds for the past six years based on an oral approval from former State's Atty. Dick Mudge, said the money will remain in the banks and that the banks will benefit.

Condemnation Funds

"I anticipate a large sum of condemnation funds in the next few weeks," Portell said. "But I will not invest the funds until I get a written opinion from the state's attorney."

State's Atty. Leon Scroggins currently is on vacation. Portell said that if Scroggins calls the investments illegal, he will press for state legislation to permit circuit clerks to invest the funds, with interest to be placed in the county general fund. He is chairman of the Circuit Clerk's Association of Illinois.

Currently invested is \$105,543 which he said will remain at interest unless Scroggins directs him to recall the funds.

Of the amount, \$65,000 is invested at the Madison National Bank in 90-day time deposits at one percent interest. The rest is at the First Granite City National Bank at four per cent.

Rotate Funds

Portell said he has been his policy to rotate the funds between the two banks and the Granite City Trust & Savings Bank. He said one per cent interest was all that he could get on short-term deposits from the Madison bank.

He said that no one had complained previously about his investment policies until critics appeared in the annual audit of the Madison National Bank. He charged that the auditing firm had "an ax to grind" as he had hired Andy Gitchoff, a Granite City accountant, to set up a ledger system for the bank, rather than employing the firm. The audit report said the office had no ledger system. But Portell stated that the firm's auditors had assisted Gitchoff with the work.

Since then, he has employed a full-time comptroller, Virgil Phipps of Granite City, to control the bookkeeping and financial records systems.

Pontoon Village Licenses Beauty, Ice Cream Shops

Three ordinances licensing businesses in the Village of Pontoon Beach were adopted at a meeting Thursday evening of the board of trustees. Added income of \$100 or more a year is anticipated.

The licensing ordinances, specifically fees of \$25 a year, are for beauty shops, ice cream shops and concrete plants.

Mayor Thomas Staicoff said the village has at least two beauty shops, one concrete plant and one ice cream shop.

Trustees also adopted an ordinance setting a 20 mph speed limit on streets in Quiet Valley subdivision. The licensing ordinances had been placed on first reading earlier this month.

Officer Penalized 40 Days in Shooting Case

The Madison Board of Fire and Police Commissioners has held Theodore Skoklo, Madison police patrolman, guilty of conduct unbecoming an officer in connection with a Granite City shooting case and penalized him his salary for the full 40 days he was suspended in the case, Madison Chief of Police Emmett Pazia, announced Friday.

Pazia said there appeared little chance of locating two witnesses involved in the alleged shooting. The police chief earlier said that a hearing scheduled for Aug. 11 was postponed to give him an opportunity to locate the witnesses for whom subpoenas had been issued. Skoklo denied he had fired at anyone in an altercation in which the patrolman was reported to have been beaten by the two men. Skoklo has been restored to duty.

Chief Pazia ordered a five-day suspension effective July 12 pending investigation into an early morning incident on July 10 in which Skoklo was reported by two men at the scene to have fired several shots as they fled in a car.

No warrants were signed by any of those involved. Pazia said he had been informed the two men had left the area.

Two Fined on Three Charges, Third Held

Curtis Turner, 20, of 2019 Park avenue, was fined a total of \$135, and Bob Abney, 21, of the same address, was fined a total of \$110 last week in magistrate's court on charges of intoxication, illegal possession of liquor and profanity.

A third defendant, Larry Abney, 23, of 2015 Park, entered no plea on the same charges in addition to another of resisting or obstructing a peace officer and was held on \$300 cash bail. They were arrested after a report of a fight at West 22nd street and Illinois avenue last Tuesday.

Tennis Rocket Lost
Mrs. William Frede, 2519 Iowa street, reported that a professional German-made tennis racket, which had been setting on the trunk of an auto, was lost Thursday between her home and the 2500 block of Edwards street. It was a gift to her daughter from an uncle.

Red Cross Christmas Project

Ditty Bags Needed for GIs With U. S. Forces in Vietnam

"Operation Shop Early" is so called for a good reason—Red Cross chapters across the country must receive "ditty bag" contributions no later than Oct. 15 in order to relay them to the servicemen in Vietnam in time for Christmas.

Since last year's "Shop Early" project proved an overwhelming success, the Red Cross this year is redoubling its efforts this year. "We want to make sure that the greatly increased number of servicemen in Vietnam will receive an ample supply of the small, cotton fabric supply bags to attach onto their belts," Mrs. Ruby Overbeck, executive secretary of the Tri-City Chapter, said today.

Thousands of servicemen last year sent letters home during the Christmas season thanking people for the small but valuable commodities which filled the ditty bags—ballpoint pens, writing paper, pens, soap, soap cases, address books, soap cases, snapshot holders, shoe polish, pocket games, and many other items. In many letters, servicemen have written that while they were away from their families and homes during Christmas, the ditty bags proved especially welcome presents.

Group Participation
This year the Tri-City Red Cross chapter will be making an all-out effort to encourage local school, church, veterans, sororities and other groups to participate in "Operation Shop Early." The Granite City high school Red Cross Youth last year made

filled and sent off 50 ditty bags. They were the only group in the Tri-Cities, however, which participated in "Operation Shop Early," starting the ditty bags compared with 341 sent off by various local school, veterans and social groups in 1965 (these were empty bags).

"I guess we didn't push it hard enough last year," said Mrs. Overbeck.

Starting Sept. 15, the Tri-City chapter will be making ditty bag Christmas shipments to Vietnam from Sept. 15 to Oct. 15. Mrs. Overbeck is urging organizations interested in participating in the project to contact the Tri-City Red Cross chapter as soon as possible, since the National Red Cross has asked them to submit an estimated quota for the area. The mid-west quota has been set at 180,000 filled ditty bags.

She said that if organizations felt that they could make the ditty bags but are unable to fill them, that this could be arranged through the chapter. Also, she said, if it is not possible to make the bags by the Christmas time deadline, they can still be used. "The servicemen are happy to receive these bags at any time since they carry them when they swim, are hospitalized or evacuated to hold on to their personal belongings and grooming items," Mrs. Overbeck explained.

Specifications and instructions for making the gift bags may be learned through contacting the Tri-City Red Cross Chapter, 1411 Twenty-first street, GL 2-7484.

Cong. Price to be Honored at SIU-SW Commencement

The Hon. Melvin Price, U. S. Representative from the Illinois 24th congressional District, will receive the Distinguished Service Award from Southern Illinois University — Southwestern campus Friday at summer commencement exercises at the new campus.

The presentation will be made by SIU President Delyne W. Morris on the unanimous recommendation of the University's board of trustees for Congressman Price's "many years of service to the advancement of science, of research, of education and of public morality while a member of the Congress of the United States."

The citation which the East St. Louis Democrat will receive accredits him as "a knowledgeable layman in the regulation of nuclear experimentation and research which have not only enriched his nation to achieve world leadership in this field but also safeguarded the lives of millions of Americans from the effects of careless usage."

"His advocacy of scientific research in all fields has resulted in encouragement and federal financial support to the thousands of scientists and students laboring in college and university laboratories."

"His support of the principle of higher education for the working man has contributed in large measure to the successful establishment of the Edwardsville Campus of Southern Illinois University, serving a constituency which called him from the enlisted ranks of the Army in 1944 to take the seat he has since occupied in the United States Congress."

After leaving St. Louis University as a student, Congressman Price began his professional career as a newspaper correspondent. His political apprenticeship was served as a member of the St. Clair county board of supervisors and as secretary to Congressman Edwin M. Schaefer. He was first elected to Congress in November 1944 while an enlisted man in the Army and has served continuously since that time.

He has served on a number of important Congressional committees, including: the House Military Affairs Committee (now the Armed Services Committee), chairman of the Research and Development Subcommittee of the House Armed Services Committee, the Joint Committee on Atomic Energy, the Joint Committee's Subcommittee on Research and Development, which now also includes radiation, and the House Select Committee on Government Research. He was recently named chairman of the House Committee on Ethics.

Prof. Stanley Kimball of SIU's Social Sciences Division will give the address at the commencement exercises, to be held at 7 p.m. in the outdoor amphitheater of the Southwestern campus.

Eagle Park Youngsters Build 5-Acre Park

Cutting five-foot weeds from a five-acre tract and cleaning it for a park site was not an easy job, but the youngsters of Eagle Park Acres have done it to create Johnson Park, complete with barbecue pits, picnic benches and the other equipment necessary to a recreational area.

During the weekend a celebration was held to mark the occasion and to acknowledge the work done by Eagle Park youngsters, the donation of the five acres of land by the Steele-Kunemann Real Estate Agency and Cleveland Johnson, Eagle Park civic leader after whom the park is named. The program was held Friday, Saturday and Sunday.

Completion of the park is one of several progressive moves in the Eagle Park area in recent months. Another is the establishment of the Eagle Park Community Library and Reading Room organized under the leadership of Miss Amy Thurstman. This program includes a schedule of reading hours conducted for the younger children.

Two Groups Help Work on the park was the accomplishment of two youthful groups — one the Neighborhood Youth Corps and the other an organization of Eagle Park children known as the "Young Builders of Eagle Park." In addition to cutting weeds and cleaning the grounds for the park, the NYC group installed a water system donated by Mr. and Mrs. George Parker, Herman Smith, Joe Roberts and James Mackin. Barbecue pits also were installed by NYC members — under direction of James Johnson and Theola Latin. The NYC group also donated two picnic tables, as did the Young Builders. One additional table was contributed by Joe Roberts and Herman Smith.

To start off the project the

WATER SYSTEM for a new five-acre park at Eagle Park Acres is installed by Neighborhood Youth Corps workers under direction of adult residents of the area. The park was built from a weeded area by NYC enrollees and an organization of Eagle Park youths.

Young Builders unit raised funds through various programs to buy rakes, hoes, swing blades and other equipment necessary to do the work. The cleanup was not limited to the park area, but the youngsters went also to homes throughout the area, cutting grass, painting fences and conducting a general cleanup program in which adult residents soon took interest, joining in the activity.

An Entertaining Summer Under direction of Miss Marvis "Jackie" Simpson, a volunteer worker supervising the NYC program, the youngsters have had a busy and entertaining summer in addition to their cleanup campaign.

They have made three field trips to Northland Shopping Center, Grant's Farm and Lambert Airport. A three-week summer camping trip also was conducted for the older boys and a play program of handicraft has been taught by adults and older teenagers.

Volunteer supervisors include Mrs. Beatrice Mosely, Mrs. Sallie Pinkely, Joe Roberts, James Johnson, Theola Latin and Herman Smith.

The celebration during the weekend included games and prizes, barbecue and other refreshments.

Those taking part in the NYC activity and community improvement work include Miss Thurstman, Sammie Wooten, Danny Harris, Janet Gardner, Francis Gardner, Belva Blakely, Glenzo Blakely, Henry Gray, Carl Sanders, Darnell Lucas, Eugene Sanders, Harvey Williams, Robert Branch, Leah Marchbanks and Patricia Alford.

GCNS Student Insurance Rates Up Slightly

School insurance rates for Granite City high school students have been increased slightly over the amounts listed in notices mailed to parents earlier this summer, it was announced today by Steve Jones, assistant principal.

The administrative officer said that regular "in-school" insurance premiums are now \$3.50 per pupil, an increase of 25-cents, with the 24-hour, year-around full coverage policy available for \$12 per student, up \$2 over last year. A book rental fee of \$4.50 per student will be charged this year, Jones reported. Students wishing to purchase school insurance are being asked to pay the \$3.50 or \$12 premium at the start of the 1967-68 fall term Wednesday, the assistant principal said.

More Than Half of County Public Aid Goes to ADC

Public aid recipients of Madison county received \$426,072 in aid payments amounting to all five major categories of assistance during the month of June, according to a report released by Harold O. Swank, director of the Illinois Department of Public Aid at Springfield.

The payments went to a total of 8238 clients in Madison county, Swank said.

More than half of the payments for all five funds went to 5087 recipients of Aid to Dependent Children, who received \$336,819. Second largest sum was \$84,006 paid to 1395 clients of the old age assistance program. A total of \$77,759 went to 650 applicants for disability pensions, while 34 blind pensioners received \$2492.

General assistance payments totaling \$24,995 were made to 872 recipients.

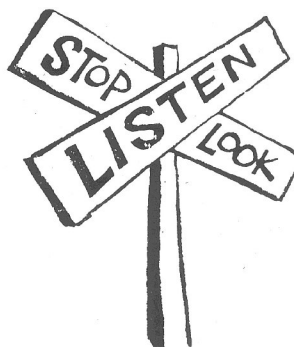

On a statewide basis, June public aid payments amounted to \$26,336,531, compared to \$28,036,988 for May and \$26,185,366 for June, 1966.

Payments were made to 438,006 recipients during June, an increase over the 436,181 on public aid rolls in May. This year's June aid rolls are a substantial

increase over those of a year ago when payments were made to 397,768.

Mrs. Joyce Foppe of St. Louis, a cousin, was matron of honor, and there were three bridesmaids, Miss Sandra Feagins, and Miss Kate Smith, of St. Louis, and Miss Vivian Koch of Carpenter, Ill., was the bridegroom's cousin, junior attendant.

A rainbow effect was used with the attendants wearing gowns of silk linen in pastel shades. They were styled with Empire waists, portrait necklines and cap sleeves. Trains were attached with self bows.

The Rev. Lawrence Mattingly heard the vows of the couple at noon, and the breakfast and reception were held at the Knights of Columbus Hall.

Bouquets of yellow gladioli, pom poms and greenery decorated the altar.

Silk peau de sole was used to fashion the bride's floor-length A-line gown. It was fashioned with a fitted bodice with V insets of lace and pearls and a full train banded with lace falling from the shoulders. A veil of illusion was held secure with white satin rose and lace.

Her bouquet was composed of pom poms, stephanotis and greenery.

The wedding of Miss Shirley Annette Simmons, a daughter of Mr. and Mrs. Harvey Simmons of Alton, and Raymond Carl Voorhees, son of Mr. and Mrs. Gerald Voorhees, 3246 Wilshire drive, took place Friday evening in the Cherry Street Baptist Church in Alton.

Arrangements of white carnations with aqua accents decorated the sanctuary for the evening ceremony performed by the Rev. Harold Smith of the Godfrey Baptist Church. A reception followed in the church fellowship hall.

The bride was attired in a gown of white silk organza over tulle with a fitted Empire bodice, a scoop neckline and short sleeves formed of double tiers of Chantilly lace.

An out-of-town wedding of interest here Saturday was that of a former resident, Miss DeLoris Ann Clem, daughter of James H. Clem of Portage des Sioux, Mo., and Gerald P. Simon, whose parents are Mr. and Mrs. William Simon, also of Portage des Sioux.

The ceremony was performed at 10:30 a.m. at St. Francis Catholic Church before the altar decorated with white gladioli and chrysanthemums, lavender and purple asters, and greenery.

The bride wore a gown of gardenia white Chantilly lace designed with a fitted bodice, a portrait neckline and long sleeves. The full skirt, held wide with crinoline, fell softly into a chapel train. A bouffant veil of imported silk illusion was attached to a crown of pearls and crystals and the bride carried a bouquet of gardenias and lilies of the valley.

A maid of honor and two bridesmaids preceded the bride down the aisle. They were Miss Susan Dwiggins, a niece of the bridegroom, Miss Pat Clark and Mrs. Janice McDonald.

Their Empire gowns, made alike, were of gold brocade designed with scoop necklines and

elbow sleeves. A-line skirts were accented in the back with large flat bows and crowns of gold and circular maline veils completed the costumes. They held bouquets of Vanda orchids and purple asters.

Henson Takes 25-Lap Race

Gene Henson of Paris, Ill., battled Jerry Silkwood of Wood River, closely for seven laps and then sailed to an easy victory in a 25-lap super-modified sprint race Saturday night at the Tri-City Speedway after engine trouble forced Silkwood out of the race.

Henson, the newly-crowned national sprint car champion had moved to a two-car-length lead over Silkwood at the time.

Bill Meyers finished a distant second and Ronnie Perkins of Granite City came in third in the 25-lap race.

A five-car pileup in which nobody was hurt occurred during the heat races. Cliff Powell of Hannibal, Mo., failed to observe a caution flag in time as he slammed into the rear of Barney Jones' car which had spun out of control.

The crackup was the sixth involving Powell this year at the local track. His car was the only one unable to continue racing Saturday.

Jim Flemings of Collinsville won the 15-lap semi-feature race, and Silkwood, Lauron Salmon and Kenny Range captured the heat races.

Park Tennis Tourney Postponed to Sept. 8

The Granite City park district invitational tennis tournament was called off for the second time last week because the recently resurfaced Wilson Park courts had not yet hardened.

It has been rescheduled for the weekend of Sept. 8.

Originally the tournament was scheduled to begin the weekend of Aug. 11. It was postponed then because holes and cracks in the Wilson Park courts made resurfacing necessary.

On Thursday night, Harold Brown, park superintendent, and several maintenance men went

to the courts to set up the nets for the tournament play to begin the following morning. Their feet sank into the still soft resurfacing substance.

After consultation with the contractors, Brown decided that the tournament would have to be postponed again.

Many of the competitors from central and southern Illinois who had planned to attend the tournament may miss it when it finally gets under way Sept. 8, Brown commented.

Suit Filed to Prevent Loss of IMRF Benefits

An injunction suit was filed in Madison county circuit court last week to prevent removal of all court-appointed county employees from Illinois Municipal Retirement Fund rolls and exclusion from pension and disability benefits.

The suit was filed in behalf of James J. Reideberger of Venice, chief probation officer; Mrs. Nina Henkhaus of Wood River, chief clerk of the jury commission, and about 15 other court-appointed employees by Edwardsville attorney Robert Trone, who as a court-appointed public defender also is affected.

The IMRF board of trustees adopted a ruling to sever the employees from participation and benefits following a legal opinion by Illinois Atty. Gen. William G. Clark that public defenders are not county employees because they are responsible to circuit judges, although their salaries are paid from county funds.

Some of the county employees have been contributing to IMRF for a number of years. Reideberger complained that it would be impossible to recruit eligible probation officers without inducements of pensions and other benefits provided by IMRF.

Federal Funds Back State Study of TB Care

Dr. Louis Ventura of the Madison County Tuberculosis Sanatorium, has been appointed to a committee of 12 which will coordinate a federally-financed (\$40,625) in-depth study of tuberculosis clinics and outpatient treatment centers in Illinois, it was announced Friday.

The study is to produce recommendations for improving tuberculosis clinic and outpatient services in Illinois, and speed efforts toward an eventual eradication of TB as a health problem in the state, said Dr. Franklin Yoder, director of the Illinois public health department which received the federal funds.

Ben D. Kittingham of Springfield, executive of the Association of Tuberculosis Sanatorium boards, will head the administration of the study.

Poverty Not Primary Cause of Delinquency

Contrary to popular belief, crime does not result from poverty, according to a report released Friday by the FBI.

The report, titled "Poverty and Crime," was prepared by a group of FBI officials and other top FBI officials are noted for close cooperation and assistance in the Boy Scout program.

He told club members, "I am especially happy to be with you today, as the Optimists are widely-respected for their interest and support of boys' activities."

Sullivan also noted an apparent absence of training children in matters of thrift. "Today, we find many young people refuse to take on tasks which they consider menial, yet, through which they could save funds for future use."

He advocated counselors in youth agencies and high schools help teenagers to better understand the value of thrift and self-discipline, as a means of deterring delinquency.

John Drees, program chairman, introduced the guest speaker. Appreciation for his appointment here was expressed in behalf of the club by Attorney Leo Konzen.

Twenty-five members attended the meeting and made plans to participate in a barbecue picnic Thursday at the Dunlap Lake home of Donald Z. Farrington.

Dr. Raymond Trover, Optimist president, said the picnic will start at 1 p.m. with a barbecue supper to be served at 6:30 p.m., following an afternoon of social activities.

\$28,552,645 Bid for Kaskaskia Lock, Dam

An apparent low bid of \$28,552,645 for the construction of a lock and dam on the Kaskaskia River in Randolph county has been submitted by Massman Construction Co., Kansas City, Mo., and Al Neapolis, Minn., as a joint venture, it was announced Friday by the St. Louis District Engineering office.

The largest civil works contract ever advertised by the St. Louis District includes construction of the lock and dam; excavation of a navigation channel and construction of a control house, well and pump house, and an access road with a parking area. The work is to be completed within 180 days after the contractor receives notice to proceed, and is part of the \$81 million project to make the lower 50 miles of the Kaskaskia navigable.

Hit-and-Run Accident
The right rear of the auto of Charles D. Sartin, 451 Walter avenue, was struck by a hit-and-run driver in a red-over-white auto at 4:40 a.m. Friday at the A&P market parking lot, 2016 Madison avenue.

Winners in ISES Poster Contest
Dena Helms, 16, daughter of Mr. and Mrs. Wesley Helms, 2559 Delmar avenue, a Granite City high school junior, was the first place winner in the Class I division of the "Hire the Handicapped" poster contest, sponsored by the Illinois State Employment Service. The award recipient's address was incorrectly listed in Thursday's issue.

Top winner in the Class II division was Jane Kinkel, 14, daughter of Mr. and Mrs. Lester A. Kinkel, 2621 Forest avenue, a student at Coolidge junior high school.

Income of Bi-State Transit Below Budget

Income of Bi-State Transit System during July amounted to \$1,888,178, which was \$46,604 short of meeting expenses and the fund requirements of the system's trust indenture, according to a report released Friday by transit system officials.

Expenses during the month totaled \$1,934,782, leaving a net operating revenue of \$216,604 to be applied against a July fund requirement of \$293,131, the report showed.

This brought the accumulated cash deficiency in the Depreciation Reserve fund to \$785,469, but officials said this figure is overstated by \$18,000 in view of the fact that passenger revenue for July in that amount was not deposited in the revenue fund until Aug. 1.

Operating expenses during July generally were in line with the budget. The actual operating cost of \$1,934,782 was \$89,919 less than budgeted expense for the month, amounting to \$1,681,000.

Revenue of \$1,888,178, however, was \$16,822 below the project budget figure of \$1,885,000.

\$31,940 Bid to Change County Heating System

A low bid of \$31,940 has been submitted to convert the heating system of the Madison county courthouse and county jail buildings in Edwardsville from coal to gas. It is \$60 below the engineer's estimate and was returned by General Refrigeration & Plumbing of East Alton.

The county jail committee of the board of supervisors last week considered five bids, ranging up to \$39,842. Mid-October was set as the target date for completion. The contract will be up for approval at the Sept. 12 meeting of the county board.

The conversion was expected to eliminate a source of air pollution at the county seat.

The 16-year-old boy against whom a juvenile card was filed by police said he found the billfold in a weedpatch. It contained a driver's license, credit cards and other private items.

County Headed For Record Sales Tax Take in 1967

Even before the effective date of a higher unincorporated area sales tax, the Madison county government was headed for a record year in sales tax revenue. Illinois Revenue Department records disclose.

For the first five months of 1967, net proceeds from the half-cent-a-dollar tax have totaled \$78,561, including \$14,488 for January, \$13,376 February, \$17,484 March, \$16,763 April and \$16,845 May.

The \$78,561 figure compares with \$76,646 receipts for the county treasury during the first five months of 1966, \$68,124 in 1965, \$61,743 in 1964, \$67,517 in 1963, \$61,293 in 1962, \$54,960 in 1961 and \$52,620 in 1960.

The Madison County Board of Supervisors voted July 19 to increase the unincorporated area sales tax from a half-cent, as authorized by a new state law.

The volume of county taxes following the increase has not yet been determined, since tax tabulations in Springfield require several months.

Highest collection for the Madison county treasury, thus far is the \$208,873 total reached in 1966. Since the half-cent tax went into effect Oct. 1, 1969, the county treasury has received \$1,329,384.

Skinner and Foley Wedding Ceremony at Concordia

In a candlelight ceremony Saturday evening at 6 o'clock in Concordia Lutheran Church, Miss Kathleen Foley, a daughter of Mr. and Mrs. Charles Foley, 1653 Seventh street, Madison, and Gary Skinner, whose parents are Mr. and Mrs. Charles Skinner, Bend road, were united in marriage with Rev. Arvin Twietmeyer officiating at the double ring service. The altar of the church was

banked with flowers, and white satin bows marked the pews down the center aisle. Ronald Froeger, organist, played the processional, "Praise My Soul, The King of Heaven," by John Gross, followed by the recessional "Joyful Joyful We Adore Thee" by Samuel Wesley. Mr. Foley gave his daughter in marriage. She wore a gown of white peau de soie with a full-length veil of silk organza. The gown was enhanced with pearls, falling to a scalloped cathedral train of organza appliqued with lace motifs. The Empire bodice was fashioned with a square neckline. A full-length veil of silk organza was held in place with a pill box of peau de soie. A cascade bouquet of white orchids and ivy was centered with a corsage.

The matron of honor, Mrs. Sandra Skinner, a sister-in-law of the groom, and bridesmaids, Miss Karen Hamilton, Miss Sharon Vavra, Miss Margaret Jefferson and Miss Marsha Jefferson, the two latter cousins of the bride, Patricia Foley, sister of the bride, as junior maid, and little Lana Jefferson, a cousin, flower girl, were dressed in antique satin overlaid with flocked nylon sheer, featuring the Empire bodices, square necklines, and full-length streamers.

The gowns were sky blue, and head pieces were of matching blue veiling attached to petaled bows. Their Colonial bouquets were of daisies combined with ivy.

The flower girl, dressed like the matron and maids, carried a small white basket holding daisies. Jeffery Skinner, a cousin of the groom, carried the rings on a class of '94, and they are entering their senior year at the Illinois State University, Normal. The bride was employed during the summer months by a St. Louis food firm. The young couple will spend their honeymoon centered with at the VFW hall following the ceremony.

Mr. McGee escorted his daughter down the aisle. She wore a silk organza gown, the bodice, made on Empire lines and trimmed with ruffled lace, pearls and crystals and a small fabric bow in the front. The skirt ended in a chapel train which was again accented with Alencon lace. A flowing veil of silk organza was attached to a crown of pearls and crystals, and the bride carried a cascade of white carnations and stephanotis intermingled with ivy and a reception was held in the church fellowship hall after the ceremony.

destroyed a four-room frame house and all of its contents early yesterday morning is being investigated today by Madison authorities who said they suspect arson as the cause of the fire.

Madison firemen answered two alarms at the Wells residence at 10:10 p.m. Saturday and again at 2:30 a.m. Sunday.

The first alarm found a smoldering fire and a couch in the living room. Fire Chief E. J. Miller said the fire was extinguished without difficulty and there was only a minimum of damage.

At 2:30 a.m., firemen received the second alarm and found the

house completely engulfed in flames when they arrived. Miller said flames were roaring out the windows and through the roof and that there was no chance of saving the residence. Siding on a neighboring house at 1539 Collinsville avenue, was scorched.

Chief Miller said the family was not home when the fire occurred. The property is owned by Tony Racheff of 1122 Madison avenue, firemen said.

Firemen said they have placed no estimate on the damage pending their investigation. A butane gas tank on the side of the house did not explode, they said.

MR. AND MRS. JAMES E. GAULT. Their wedding was an event of Saturday evening, taking place at First Presbyterian Church in Alton. The bride is the former Jo Ann Squires, a daughter of Mr. and Mrs. Lee E. Boner, Rural Route Two.

Double-Ring Ceremony For Gault-Squires Wedding

Rev. A. Ralph Lynn, a former pastor of First United Presbyterian Church here, performed the double-ring ceremony Saturday evening at First Presbyterian Church in Alton which united in marriage Miss Jo Ann Squires and Sp. 4 James E. Gault.

The bride's parents are Mr. and Mrs. Lee E. Boner, Rural Route Two. Mr. Gault is a son of Mr. and Mrs. Otis Gault, 116 Marshall avenue, East St. Louis.

The altar, banked with palms and ferns, was decorated with bouquets of white gladioli and flanked with burning candles in seven branched candelabra. Candles in tall candelabra entwined with amaranth and white ribbon also lighted the aisle through which the procession passed, the bride escorted by Mr. Boner.

Donald Bloomquist, organist, played several numbers and accompanied the soloist, Keith Curtis. Among the organ numbers were selections from Faure, Beethoven and Handel. The candles were lighted by two cousins of the bride, Miss Cindy Durham and Miss Loverna Johnson.

The bride's gown was made of white organza over peau de soie, the bodice trimmed with French lace and seed pearls. The Empire line flowed to a natural waistline in the back and the full-length skirt was also trimmed with lace. Bell sleeves were of sheer French lace and a bow in the back was attached to a three-tiered train which flowed to the floor.

The veil of imported French illusion was gathered to a cluster of lace and organza with miniature pearl trim forming a crown.

The former Miss Squires carried a cascade bouquet of gardenias, stephanotis and variegated ivy with a corsage in the center.

Miss Barbara Martin, maid of honor, Miss Dorothy Squires, the bride's sister, bridesmaid, and Miss Robin Gorrell, the bridegroom's step sister, junior maid, were dressed in gowns of yellow chiffon over peau de soie. Two small bows accented the bodice waists in the front and from the Empire lines flowed floor-length semi-full skirts. Small bows set off the scalloped sleeves and the round necklines were joined in the back by full length chiffon ribbons. Circular rose veils were secured by clustered leaves. All three attendants held cascade arrangements of pastel yellow and tangerine carnations and ivy.

A little flower girl, Lynette Boner, a niece of the bride, dressed in white chiffon over r peau de soie with a white bow in her hair, carried flowers and petals in a lace basket. Steven Wright, a cousin of the bride, served as ring bearer.

Gerald Flaughter was best man, and Michael Denny, Donald Boner, the bride's cousin, her brother, Harry Squires, Darrell Johnson, Edward Boner, a step brother, and Dennis Terry, the bridegroom's cousin, made up the corps of groomsmen and ushers.

The bride's mother was dressed in white lace over peau de soie, while the bridegroom's mother chose a dress of blue and green. Both wore white accessories and corsages of white Sweetheart roses.

A reception was held at the Lewis and Clark restaurant in East Alton. Miss Lois Wright registered the guests.

After a wedding trip the couple will reside in Virginia where Mr. Gault will be stationed.

The bride is a graduate of Granite City high school and is a member of Beta Sigma Phi sorority. She has been employed at the Army Depot. Mr. Gault is also a graduate of Granite City school.

A rehearsal dinner was given Friday evening in Alton by the bridegroom's parents.

History Adding to Truman Stature

(Washington, Mo., Citizen)

They had a birthday party in Kansas City for former President Harry S. Truman, but Mr. Truman wasn't present to hear them sing "Happy Birthday." It was his 83rd birthday.

Mr. Truman doesn't get out much these days, and hasn't been in his office in the Truman Library in Independence for many months.

He isn't as spry as he used to be a few years ago, but probably reads more now than ever before. Age has a way of creeping up on all of us.

The only Missourian ever to be president of the United States guided this country through the most critical period in this nation's history—and he did an excellent job of it.

The burdens that he inherited when he took office were enormous. World War II was still going on. He had to finish it and after it was finished, he had to lead the nation back to normalcy.

And before he was finished with that, he had to stop Communism in its tracks in Korea, and for his entire life he was in the White House he was faced with a cold war that threatened to get hot any moment. He kept it cold.

During all of his years in the White House, he didn't have the best Congress to work with, but he went along after a fashion, but whatever was done had to be done by the man from Missouri, who certainly didn't have any other man's body's respect at the time. Today, the respect for him is growing in every corner of the land.

Harry Truman was first of all an honest man with a lot of Missouri common sense. He was a man who had some bad men around, but no President has ever escaped from that. The opportunists, the moochers, the grafters and the fakers are always around, like flies around a lump of sugar.

Korea wasn't the only place in the world where Harry Truman stopped Communism in its tracks.

He also stopped it in Greece, and in Turkey, and Western Europe probably would not be what it is today if it hadn't been for the man from Missouri.

Last winter the producers and the dairy men of the county shipped direct to St. Louis and \$3.50 per 100 pounds for that sold at East Side receiving stations. Last winter the producers received from 19 to 20 cents a gallon and \$1.80 to \$1.90 per hundred pounds.

Plans have been perfected for starting the Granite City Evening Schools Sept. 24th, when general enrollment will be made.

\$250 Gambling Stamp

Registered in County

A \$250 federal stamp for coin-operated devices has been registered with the Madison county clerk, Miss Eulalia Hotz, reported today.

It was issued to Alice Daniels for the Diner, Broadway and Market street, Venice. It was the first stamp to be registered with the county during the fiscal year which started July 1.

Last year, four county residents had registered the stamps. The stamps cover operation of pinball machines and other devices which pay off. Registration of the stamps with the county is required by law.

Chief of Police John Essington of Venice said he had checked on operation of the pinball devices and was assured by the owners that there is no pay off on the machines. Essington said he warned the operators that arrests would be made if evidence of payoff was received.

KONCKI-SAPUNAR WEDDING IN BOLIVIA

A wedding of interest to many residents of Arlington Heights was held on Sunday at the home of Miss Mary Ann Koncki, daughter of Mr. and Mrs. Natalio Sapunar of La Paz, Bolivia, South America, and Mr. John Koncki, son of Mr. and Mrs. Casimir Koncki of Wyandotte, Mich.

Miss Sapunar is the sister of Mrs. Francisca Rawden, 2 Shirlwin drive. She and Mr. Koncki spent the month of June as guests in the Rawden home.

The couple was married Saturday in a formal ceremony which took place at the Catholic Church in La Paz. The bride was attended by her younger sister, Mrs. Mary Ann Koncki, to Bolivia only last month after spending a year in the United States on an exchange student.

Following the wedding, a reception was held for the couple at the home of Mr. and Mrs. Juan Petrovic, aunt and uncle of the bride.

They will soon be returning to the U. S. and will reside in Hillside, Mich., where Mr. Koncki plans to continue study for his degree at Hillsdale College. Mrs. Koncki, a June graduate of the University of Illinois, is accepting a teaching position in the Hillside high school.

Mr. and Mrs. Joseph Rawden and daughter, Stephanie, of Elgin, Ill., are the guests of Mr. and Mrs. David Rawden, 2 Shirlwin drive. They play to leave for their home the early part of this week.

RETURN FROM NORTH
Mr. and Mrs. Robert Ebrecht and children, Robbie, Steve, Karen, Karl, David and Tom, 48 Shirlwin drive, returned home Saturday afternoon from their vacation.

They camped at Flandreau State Park near New Ulm, Minn., at Beaver Creek Valley State Park in southeast Minnesota and at Mirror Lake State Park in Wisconsin.

They visited the Wisconsin Dells and toured a circus museum at the home of the Ringling Brothers Circus in Baraboo, Wis., viewing a circus performance.

Rail Man, Wife Sue GC Steel for \$220,000

A suit for a total of \$220,000 against Granite City Steel Co. was filed last week on behalf of Robert W. and Marie Hayes in Madison county circuit court at Edwardsville.

Hayes, who seeks \$145,000, was employed as a brakeman-switchman for the Illinois Terminal Railroad and was on duty at the industry's Chain of Rocks canal lock on Aug. 22, 1965, when he fell out of an engine and onto a trestle over the canal.

He charged negligence, alleging that the industry failed to provide a walkway on the west side of the trestle to permit him to step safely from the engine onto the trestle, failed to provide a guard rail or other device and failed to post warning signs or provide illumination.

The complaint claims he suffered fractures of the vertebrae, arms, legs and neck in addition to other injuries. His wife seeks \$75,000 because of the loss of the support and consort of her husband.

Two Local Banks To Sell Auto Plates

Two Granite City banks have been authorized by the office of Secretary of State Paul Powell to issue "over-the-counter" automobile licenses for 1968.

Equipment to handle applications for issuance of new plates will be installed by the Granite City Trust and Savings bank and by First Granite City National Bank, Powell's office said.

Neither the American National Bank nor the First National Bank in Madison plan special arrangements, officials said.

Quadrant-City may complete an application form, take it to either of the two banks and receive the license at the time of purchase. Officials of both banks will receive special training in Springfield for processing applications. The over-the-counter sales service starts Dec. 1.

Rep. Harris Treated For Very Mild Stroke

State Rep. Lloyd (Curly) Harris, who was stricken last Tuesday with a mild stroke, will begin therapy treatments at St. Elizabeth Hospital today for his right leg and arm which were affected slightly.

Rep. Harris first felt indication of the attack while at Belleme Village Shopping center Tuesday. He returned to his home, however, and was taken from there to the hospital later when symptoms of an attack persisted.

His family reported this morning that he is in excellent condition and that he is expected to leave the hospital within a few days. They described the attack as "very mild."

They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience. But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out of five passes for these tests every year since 1945. It is one of the largest and oldest privately owned schools of its kind and is not connected with the Government.
